

Hoover

HOSE REELS

TRAILER

Pressed for time, short on personnel?

The Hoover Hose Reel allows one person to roll and unroll using 2-way hydraulic controls while sitting in the cab.

Problems with hose bunching up at one spot?

Articulating tongue enables the operator to wind hose evenly from the tractor seat.

Need to lay hose around obstacles?

Wheel speed and reel speed can easily be adjusted to create slack in hose around obstacles.

Arch Guard prevents hose from coming off reel.

The Hoover Hose Reel holds 1 mile of 6" hose and $\frac{3}{4}$ mile of 8" hose.

SKID LOADER

1320' of 6" hose capacity

3PT

2000' of 6" hose capacity
